

TAX FREE

We pay the Government tax of 6c. Merely hand to your dealer the coupon below with 9c and get a package of **20 Lucky Strike Cigarettes** today and tomorrow only for **9c**

[NOTE: The United States Government, through the Internal Revenue Department, collects 6c on every package of twenty cigarettes as evidenced by the Revenue Stamp]

Why we want
Every Man in Janesville
to try Lucky Strike

*To men who have not yet tried
Lucky Strike*

This is not philanthropy, just business. You are introduced to a cigarette *today* which sooner or later you're bound to try. This merely hastens that happy time. Tear off the coupon *now*.

We have found that 88% of the men who try Lucky Strike immediately adopt them. So to introduce you to Lucky Strike we can well afford to make this special offer of paying the 6c Government tax *today ourselves*.

No words can do justice to the Toasted Process in Lucky Strike. It takes us an extra 45 minutes to toast the flavor in, but it takes you only a moment to try the flavor out—the test of the toasting is the tasting.

Smoke this package *tax free*—you'll get acquainted with a cigarette so balanced in the blend, so mild in the flavor, so smooth in the smoking and so fragrant with the sealed-in-virtues of the toasted process, that you'll change to this brand that never changes—and you'll never change again.

*To men who already smoke
Lucky Strike*

We want you, too, to get this *tax free* package, maybe to pass it on to a friend who doesn't yet know the pleasure you know.

Let him enjoy Lucky Strike as you do. Tell him to try one package and then see if he agrees with you and millions of others that there's no cigarette with such characteristic superiority.

Tell him why you prefer Lucky Strike. Tell him that the extra 45 minutes of toasting insures a flavor that never varies. He'll find, as you have, that this is a cigarette which can be continuously enjoyed. The flavor never varies.

Some one introduced you to your first Lucky Strike and you recall it as a lucky discovery. So pass the good word along. Give some friend the same opportunity. Tear out the coupon *now*.

NEW CHARGES AND DENIALS IN PROBE

Forbes, on Stand, Continues to Contradict All Adverse Testimony.

Washington—The sharp plowshare of the senate veterans' committee, driven forward again today through the affairs of Director Charles B. Forbes, turned up another collection of charges, denials and counter charges.

With Forbes on the stand, under cross examination, the inquiry traversed a wide field of subjects, ranging from hospital contracts to alleged drinking parties and pleasure trips. The former director continued to deny generally and specifically, the accusations of misconduct that have been made against him.

The code which Elias H. Mortimer testified was arranged for the use of certain contracting firms and some of the veterans' bureau figured largely in the cross examination today.

Denies Code Charge
Forbes reiterated his denial of any knowledge of any such code, which Mortimer said was arranged during the Pacific trip of Forbes and his party in the summer of 1922, for the use of C. B. Hurley of the Hurley-McCormack company of Tacoma.

I. W. Black, of the Black-Hempson company, testified that he had seen a code, which he said was "Hyder," John F. Ryan, general counsel for the investigating committee, in a telephone call from Tacoma on July 25, 1922, and signed "Hyder." As translated, it read as follows:

"Wish to leave for Alaska thirtieth. Return absent, will absence interfere. Ask Forbes."

Postal Cards Offered
Two postal cards, signed "Hyder," then were offered. Forbes was addressed to Mortimer in Washington. They were of a personal nature and referred to fishing trips in British Columbia and Oregon.

Denying he had ever sent any messages to Hyder in code, Forbes said all the messages that went out from him were signed by "Charles B. Forbes" and "were in the clear." The witnesses said the code offer no explanation of the copies of his communications to Hurley are not in the bureau files.

City Pay-Roll Reduced as 4 Employees Leave

Reduction in the number of employees in two city departments became effective Friday, after having been employed for several years.

In the city clerk-treasurer's office where there have been seven people working the past few weeks, the number was reduced to four on Friday. Those remaining in this office are: City Clerk-Treasurer B. J. Ambrose Olson, bookkeeper, and Mrs. Thelma Tappan, stenographer. Those who left the employ of the city Thursday night were: Mrs. Cora Bell Hildner, Mrs. Gladys Cunningham and Miss Lois Bear.

In the police department, Patrolman August Senzelle served his last night of duty Thursday night. Patrolman Charles Harmon resigned several weeks ago, while Motorcycle Patrolman George Porter, who was retained for a few days and may be given work as mechanic.

The changes are in accord with city manager Henry Traxler's reorganization plan.

Baptists Await Reply from Pastor

No reply has yet been received from the Rev. R. A. MacMullen, Manhattan, Kans., to succeed the Rev. R. G. Plerson as pastor of the Baptist church here, who was called by the congregation's vote last Sunday. It is thought he has probably delayed his answer in order to give him time to discuss the matter with his own congregation on Sunday.

SAYS STARS MAKE TWICE AS MUCH HEAT AS THE SUN

Dr. C. G. Abbott.

The announcement by Dr. C. G. Abbott that it is scientifically true that many of the stars furnish twice as much heat as the sun has interested scientists. Dr. Abbott has just returned from a study of the stars at Mount Wilson, Calif. He believes that eventually this star heat may be turned to some use by man.

SCHAUDE HEARING TO OPEN SATURDAY

Poisoning Case to Get Under Way in Elkhorn Circuit Court Room.

Elkhorn—Unusual interest will again be manifested in the proceedings in the Walworth county circuit court room Saturday when Mrs. Myrtle Schaudt, Whitewater, Wis., has a preliminary hearing before Justice Charles Williams. Whitewater on a charge of first degree murder. Mrs. Schaudt is charged with poisoning her husband, Edward Schaudt. The hearing opens at 9 a. m.

Witnesses whom District Attorney Alfred Goetz will place on the stand to establish a case against Mrs. Schaudt are not known. Whether the hearing will find Ernest Kufahl pointing the finger of guilt at the woman is not known as Mr. Goetz is non-committal as to who will testify.

Attorneys Roscoe Luce and Charles Wilson, will fight any attempt to introduce the woman's first confession in which she is said to have taken the entire blame for the murder of her husband, or the introduction of her testimony given six weeks ago at the hearing of Kufahl.

Cab on Fire—Crossed wires in a telephone exchange at the corner of Madison and Washington streets called out the fire department at 8:55 p. m. Thursday. There was no loss.

Tank Corps to Banquet Tonight

Seventy-five members and guests of the Janesville Tank Corps will banquet at the Elkhorn circuit court room at 7 p. m. Friday.

The dinner will be served by the Service Star Legion. Stephen Bolles, editor of the Gazette, will be the principal speaker. He will be followed by representatives of the Chamber of Commerce and the city council. Miss Virginia Thompson will give solo dances. An orchestra will play and the American Legion quartet will sing.

RUFS OF INTEREST

A dispute in a separation suit over whether a man should give his wife thirty-five or forty shillings a week was settled in an English court by the lawyers tossing a coin. The woman's lawyer called "heads" and an investigation of the Pullman Car company with a view to reducing waste disclosed the fact that the saving of a cake of soap a week by each of its cleaners would amount to \$12,000 a year.

In Britain there is something like 25,000,000 cubic feet of cold storage space available, and it is said that 10,000,000 of these and 10,000 tons of meat may be found in cold storage any day in London alone.

Janesville Lodge No. 55, F. and A. M., will meet at 7:30 p. m. this evening at 7:30 p. m. Work in the M. M. D. Visiting brothers welcome.

FOR SALE—Garage 14x16 ft. can be moved on truck complete. Price \$100.00. Can be seen at 120 Jackson St., Phone 2500 or 3312.

COMMANDS REICH TROOPS GUARDING THURINGIA BORDER

Gen. Reinhardt.

The central German government is prepared to meet any effort the Bavarian secessionists make to include the province of Thuringia, and make it part of the Bavarian states. Gen. Reinhardt, Reich commander in Thuringia and a staunch nationalist, will lead the Berlin troops in action should the Bavarians try to cross the frontier.

DRIVERLESS CAR PERFORMS IN CITY

One of the modern developments of science is the driverless Chevrolet automobile which is being exhibited this week for the first time in Janesville at the vacant lot at the corner of W. Milwaukee and High streets. Much interest has been shown in the driverless car which maintains a steady pace in driving around in a circle on the lot, by means of a locked steering wheel.

Adventurers Start Trip No White Man Has Finished

Honolulu—A breath of romance, limpid lagoons—boiling through the ocean, with all sail set, at the speed of an average steamer—like among the natives in a far-off South Sea land—of the beginning of a 600-mile trip up a river on which many white men have set out, but none returned—is contained in a letter received here from Myrta N. Fay, commander of the "Narwhal Expedition," an adventurous group of men, who sailed their own small vessel out of San Francisco bay almost a year ago to cruise among the South Seas, drifting from port to port with whatever cargo might be picked up.

Cargo Delivered
The miscellaneous cargo, including a large shipment of dynamite, that the "Narwhal" carried from San Francisco, was delivered safely at its South Sea destination, according to the letter, which was received by A. P. Taylor, Honolulu newspaperman and author.

The letter was dated "Latitude 15:54; Longitude 180, July 27, 1923" and spent more than seven weeks reaching its destination. "The 'Narwhal Expedition' is still on the map, or rather moving around on the map," it said. "Right now we are passing through the channel between the island of Tuvalu and Vanua Levu of the Fiji group. We also are crossing the 180th meridian, where we jump a day."

Poted in Samoa
"We had a wonderful time in the Samoa islands. I think I saw as much of them as any white man has ever seen. While at Upolu, I went on a trip with a New Zealand governor and visited native villages along the shores. We were feted in each village. We lived in their grass huts and I was able to get pictures of some of their celebrations that have never been photographed before. I stayed in Apia several weeks and went to Pago Pago, the New Zealand capital, en route to the Manua group where we lived with the natives for a week. The Thursday."

Chiropractors Meet—Dr. G. H. Angstrom will leave for Milwaukee, Friday night, to attend the twelfth annual convention of the Wisconsin Chiropractic association, which opened at Hotel Pilsner, Thursday.

The enthusiasm that prompted us to go on this trip has only been intensified by the wonderful experiences we are getting."

Fay said the "Narwhal" expected to be in Honolulu on its return trip to the mainland in seven or eight months.

SISTER LAUDED FOR LIFE OF SERVICE

Beautiful Tribute Paid Deceased Head of Mercy Hospital.

Nurses and doctors of the city, many priests and nuns, and hundreds of friends and relatives attended the funeral of Sister Mary Agatha, 16 years general manager of Mercy hospital, held at 10:25, Friday morning at St. Patrick's church.

Solemn requiem high mass was celebrated by the brother of the late Sister Agatha, the Rev. James J. McGinnity, Holy Rosary church, Milwaukee. He was assisted by the Rev. J. P. McGinnity, Baraboo, a cousin, of the deceased, as deacon, and the Rev. John Isaacson, Mercy hospital, as subdeacon.

Father Mahoney gives sermon. The Rev. William Mahoney, Watertown, formerly of this city, preached a beautiful sermon in which he exemplified the noble work of the late sister in her many years of service at the hospital. Floral tributes were profuse and elaborate, beautiful pieces being sent by the doctors of the city and the nurses. Thirty doctors and 20 graduate nurses of Mercy hospital attended in a body.

Many visiting priests. Priests in the sanctuary during the mass were: The Revs. John Collins, Fond du Lac; J. P. Harlin, Edgerton; M. E. Downs, Whitewater; W. P. McDermott, Kaukauna; Charles E. Blar, Dodgeville; William Mahoney, Watertown; C. H. McBride and Raymond Mahoney, Deloit; Father Paradis, Madison; Thomas Pierce, Milwaukee; Joseph Ryan, Milton Junction; J. P. McGinnity, Baraboo.

MODERN HUSBANDS don't expect this.

There was a time when a woman was expected to drudge away all week long with her housework—But today, husbands who care, insist that their wives hire the hard, tiring work done—And when you can have your washing, and the hardest part of your ironing done so satisfactorily, our

Wet Wash

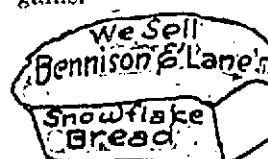

way—for only a few cents per pound—It really doesn't pay to wear yourself out—to grow old before your time—Phone today and have a representative call.

Madison to Hear Elsie Janis Nov. 26

Elsie Janis, "Elsie the Inimitable," will give a concert at the Central high school, Madison, Monday night, Nov. 26, under the direction of the All-Star Concert Series management, assisted by a supporting company consisting of a pianist, a tenor, a violinist, and established concert artists.

Elsie Janis is conceded to be one of the foremost entertainers on the American stage today. Her imitations of Sam Berner, Ethel Barrymore, Fanny Brice, and Will Rogers are unparalleled and her interpretations of French, Italian, cockney and character songs, always of rare rarity. Some of the stage appearances through which Miss Janis has become known to the public are: "The Fair Co-ed," "Miss Information," "The Century Girl," "The Lady of the Slipper," "Elsie Janis and Her Gang," and "The Slim Princess." The popularity of Miss Janis has been enhanced by her selection of songs and her sketches which will appeal to the masses.

BIBLE DISCUSSION CLASS IS GROWING

"What Manner of Man Is This?" is the subject of the Bible discussions being held at the weekly meetings of the Junior and Cadet groups at the Y. M. C. A. The book on which the discussions are based was written by William Murry. Twenty-seven attended the meeting Thursday night and 20 attended the supper preceding it. According to the boys' secretary, John Pugh, the group may be divided before officers are elected, as the present size is too large for discussion purposes.

FOOTBALL

HOME COMING TOMORROW

JANESVILLE H.S. VS. BELOIT H.S.

Kick Off 2:00 Sharp**Janesville Fair Grounds****GENERAL ADMISSION 50c**

Eleven years ago in 1912—Janesville beat Beloit in football to the tune of 33 to 0. Since that time the "Blue" Grid aggregation have not succeeded in hanging the crepe on our Gateway City neighbors in the annual contest. Tomorrow's game promises to be a hard fought battle—and one of the finest games to watch. Get out early and help Gibby's boys to win.

TURN OUT - HELP BEAT BELOIT**An Editorial**

It has long been known that the crowd on the side line of any game has nearly as much to do with the outcome as the team itself. Take, for instance, a football game. If the crowd is one hundred per cent confident, it forgets the "boners" and sees only the good plays. If the crowd has a cheer in the right time and a word of encouragement in the right place . . . it's a dead sure cinch the team will win.

It's just about the same thing with a community, and its activities. Try to imagine a city or town of any size with some objective it is striving to reach in a definite time. Do you think there would ever be a chance of

failure if all the citizens of that town would be like the crowd at the football game—cheering on the workers, speaking words of kindness and goodwill—each doing his bit to put the thing across? Not by a long shot! With the co-operation of all anything or any city will.

It's that kind of boosters that are represented on this page. They are some of the Janesville folks who are always and forever back of anything that's for their city. They realize the importance of athletics in Janesville. They are doing more than their share to put it over by making this page possible. The rest of us can show our appreciation by telling them so.

WOMEN ROUT ONE ROBBER

BY ASSOCIATED PRESS

Minneapolis—Several women who came to the aid of the church custodian, aided in routing a robber who attempted to steal receipts of a bazaar at the Central Lutheran church last night, the police were told today.

Mrs. J. O. Oastin, wife of the pastor, was one of the women. The robber escaped without obtaining any loot.

MILLIONS OF WOMEN ORGANIZED FOR FIGHTING SUFFRAGE.

Women are now enfranchised and enjoy almost equal educational opportunities with men. They may enter practically all professions and trades, and 21.01 per cent of them are gainfully employed. The passage by almost every state of married women's property and equal guardianship acts has freed the women from the medievalism of the common law. Millions of home-making women are organized for cultural, philanthropic and civic work which modern domestic conveniences and labor-saving devices give them leisure to pursue. City homes are smaller and social life is consequently spent more in public. Prosperity and machinery have given us on the one hand the largest leisure class of women the world has known; while on the other hand modern industrialism, crowding the old home industries by quantity production in factories, plus the increased cost of living, drives an ever larger portion of women into extra domestic remunerative work.

RICHARDS MYSTERIES

MYSTERY AUDIENCE

Richards, "The Wizard," amazed, bewildered and highly entertained a large crowd at the Myers theatre last night with the greatest attraction of the season that has ever been witnessed in Janesville. Richards lived up to all the promises he made in his brilliant and gorgeously staged show, that is as large as any of the best three dollar and a half dramatic productions on tour. There is an abundance of comedy, as well as thrilling mystery and everyone who is able should see Richards before he closes his engagement here Sunday.

Confidential: School at 10; at 11:25 evening service at 7:30; Young People's meeting and Stereopticon pictures at 8:45.

SPEED COPS ON THE TRAIL

Oshkosh, Wis.—Motorcycle cops to chase and arrest speed maniacs on Wisconsin's highways are an excellent investment. Recently, the county board of supervisors thinks so, for at its annual meeting, now in progress it decided to engage a third man from the records.

Proof that there are hundreds of violators of the speed laws who make country driving hazardous for all and that the speed cops are a profitable investment from the records. Officers Plummer and Denning, in patrolling the network of roads in the county, were responsible for three accidents in the last year of \$10,000 for the season of 1922. They were, therefore, more than self-sustaining. None of those fined were going slower than 40 miles an hour. With several new concrete roads added to the county, the board, with but one negative vote, decided to have a third motorcycle officer for next year.

ROCKFORD CATCHES YOUNG BURGLAR

Arrest of Floyd Connery, 23, has solved a large number of burglaries of Rockford homes which have been some puzzle to police of that city. Considerable of the loot secured by Connery has been recovered by police who say he has confessed to several robberies. Connery spent two years in the reformatory at Waushara when he was 12 years old for breaking into a house at Monroe.

WHITEWATER

MISS ALICE MARSH.

Whitewater—The two days used for the chest clinic at the city hall were busy ones for many people. Thirty-seven persons were examined the first day by Dr. T. L. Harrington and Dr. T. S. Lawler of Milwaukee. The nurse, Miss Anna M. Thompson, also of Milwaukee, was assisted by many local women in making individual histories and statistics. Dr. Harrington was enthusiastically received when he spoke to the normal students at 1:30 p. m., Wednesday, and also by the city high school students at 2:15 p. m., Thursday. He discussed health and healthy living. The Wisconsin tuberculosis free chest clinics help save many lives in the communities they visit. Dr. Harrington will be at Forest Lawn sanatorium, Jefferson, next, and Mrs. Arthur Teckman, Fremont street, instead of with Mrs. Lawrence Johnson as announced at the last meeting.

The Heavens in December

On clear nights one of the stars of the scabbard will be observed to be somewhat hazy in appearance compared with the other stars. This is not an optical illusion, for the haziness is due to the fact that this is really no star at all, but the very famous nebula in Orion, one of the very finest sights in the entire heavens for any one having at his disposal even a low-power telescope. With this aid it will be seen to be a luminous cloud of irregular shape occupying a considerable portion of the sky. In it are a number of real stars, many of which are probably integral parts of the nebula itself, condensed globules of matter, or nuclei.

Long-exposure photographs, which bring out parts of the nebula too faint to be seen even with the telescope, are extremely beautiful. The entire nebula occupies an area of sky equal to the area of four full moons. Due to its enormous distance from us, the size of the volume of space which it actually occupies is so tremendous that a statement of it in terms of cubic miles would have no meaning to our minds, but if the sun and its whole system of planets and satellites were placed within the volume occupied by this glowing gas it would be relatively smaller than a pin's head in the largest room the reader ever entered.

The belt may be used as a guide post for the recognition of several stars. Extending its line to the West, it points toward Aldebaran, not far from which will be found also the naked-eye cluster of stars, Pleiades, and extending it eastward, it points out for us the giant star, Sirius, the Great Dog Star, thus

which there is no brighter in the entire heavens. Northward from Sirius is Procyon the Lesser Dog, also a first-magnitude star, and northeastward from Orion will be found a couple of bright stars which are famous throughout the world as the Heavenly Twins, or Gemini.

Castor is the twin nearer the pole, and it is less bright than its fellow, Pollux, which is of the first magnitude. But Castor is the more interesting, for it is a double star as seen in the telescope, and, furthermore, the spectroscope, that most powerful weapon of the astronomer, has demonstrated that each of the components of Castor made visible by the telescope is itself a double, making it thus in reality a system of four stars. If Castor has a planetary system, the resulting conditions as observed by the inhabitants, if any, of one of its planets would be extremely interesting and many safely be left to the reader's imagination.

Beginning of Winter.

December is the month of the winter solstice, the shortest day and longest night. According to the United States Navy's official publication, The American Ephemeris and Nautical Almanac, the sun enters Capricornus, marking the commencement of winter, on the 22d at 3:54 p. m. Eastern Standard time. At that time the sun will be as far to the south in the heavens as it can get and will begin its northward journey again. The days will begin to get longer and the noon altitude of the sun to increase, but the days will continue to grow colder. This appears like an anomaly, but it is due to the fact that the coldest weather, in general, is the result of the cumulative effect of the loss of stored heat by the earth's radiation. The Northern Hemisphere continues to lose more heat in this manner than it receives from the sun for many days after the winter solstice. But as the sun increases its height and the amount of heat received by the earth per day grows, a point is finally reached when the earth's heat is increased, and with this comes the spring.

Although Venus can not be shown on our evening map this month, you can observe it in the evening sky after sunset. It will remain an evening star the entire first half of the coming year and from now on will be gradually improving its position. Mars is a morning star, and Saturn and Jupiter have also become morning stars, but the latter two are still quite near the sun. Mercury will be an evening star the last two weeks of the year, and you may be able to catch a glimpse of this messenger of the messenger of the gods just after sunset in the position on the horizon where the sun disappears.

REVIVE RURAL INDUSTRIES

London.—The village blacksmith, the saddler, the wheelwright and many other old English industries have fallen on evil days through changed conditions of life as a result of improved machinery and science. In order to revive and develop these industries, a rural industries intelligence bureau has been formed.

The British Trade Union congress dates from 1866, in which year it was organized at a meeting in Sheffield. A wall 20 feet high and 12 feet broad could be built all round England with the coal annually raised in that country.

141 Miles Through Hell to Get a Few Lines of News

You buy a newspaper for a few cents. You carefully put your hand in your pocket and pay for it. You say "Nothing in it." Or you say "Hello, I see there's an earthquake in Japan."

And you think that you are SOME critic; that you are a judge of affairs. Listen.

You read in the Janesville Gazette, for instance, for the first time that Japan had been stricken—its metropolis wiped out. Do you know that that piece of news cost in life, in effort, in service, to lay before you for your three cents—that you would throw to a beggar?

At 6:30 a. m., Saturday, September 1, the Radio Corporation of America telephoned The Associated Press the Gazette's great news service, that Japan had been stricken by a great earthquake. It had happened at noon, Tokyo time, in 20 minutes.

The Japanese earthquake presented some of the most extraordinary and perplexing problems in the handling of news around the world from Japan to America. At a single stroke, the usual lines of communication across the Pacific from Japan to San Francisco, both cable and wireless, were put out of commission. This compelled an immediate readjustment so that the communication from Japan, hitherto across the Pacific, would now come in the other direction around the world, across Asia, via Singapore,

Suez, Gibraltar and London, to New York, known as the Eastern route. Also another outlet across Asia was available, from Japan northward to Siberia, to Moscow-London-New York, known as the Northern route.

The London and New York offices thus became active centers, supplementing the work of San Francisco, in moving the mass of cable matter from Japan and nearby points, giving the first available of the catastrophe. In this the facilities of Reuters at many vital points in the Far East were combined with those of the AP in bringing forward a large number of cable dispatches direct from Osaka, Tokyo, Yokohama and other Japanese cities in close touch with the devastated area.

On the first day of the disaster, September 1, nine of these direct dispatches from Japan—eight during the day and one at night—had thus circled the globe westward to London and New York. On the following day, Sunday, the 2d, no less than 28 of these direct dispatches from Osaka and other Japanese and nearby cities came westward via London. On Monday, the 3d, there were 21 such dispatches via London.

Thus, in the first three days of the great disaster, 53 direct dispatches came around the world westward via London, giving extended details direct from the cities in touch with the area of devastation. The Pacific route, even in its crippled condition, was at the same time bringing a large number of direct dispatches from Japan and China points, these

rising rapidly to 23 direct dispatches on the 3d. Thus from both directions, from the West and from the East, these messages from the stricken area flowed around the world and into America, giving a steadily increasing picture of the great disaster through its first crucial days.

The route across Asia was in the main the Eastern, via Suez, at the outset. But it soon developed that the Northern route, via Siberia and European Russia, was exceptionally fast. This route was freely used, making about six hours in linking Japan and China with London and New York.

In the first week of the disaster more than one hundred—exactly 101—direct dispatches from the Orient had come by these Asiatic routes to London and New York, and above the large and constantly increasing number of dispatches coming across the Pacific to San Francisco.

This is what you get for a few cents.

A correspondent went 141 miles through hell to get a part of this and altogether it was the combined effort of an entire world's correspondents—all for you. To serve you with the story that perhaps you turn aside for the mere examination, "Well, there's another earthquake in Japan."

Dover—Constructed at a cost of \$25,000,000 between 1901 and 1903, the admiralty harbor, which played such a conspicuous part during the war as the headquarters of the Dover patrol, has been handed over to a large number of direct dispatches for commercial purposes.

JOIN IN EXPO, IS PLEA TO BADGERS

Phillips Issues Letter to Wisconsin Businessmen, Manufacturers.

• Milwaukee.—Every business man and manufacturer in Wisconsin should participate in the Wisconsin Products Exposition to be held in Milwaukee, Dec. 1-8, in the opinion of former Governor J. L. Phillips, president of the Milwaukee Association of Commerce, who has addressed a letter urging cooperation by every member of the association of which he is the head.

"In brief, Mr. Phillips' letter says: 'The second annual Wisconsin Products Exposition represents a statewide effort of the part of representative industrial and agricultural organizations in the state to bring about real cooperation between the members of these groups for the purpose of bettering industrial conditions in Wisconsin. This exposition this year will be remarkable in many ways and will present a real picture of Wisconsin's diversified productive power. It is attracting nation wide as well as state-wide attention. Every merchant and manufacturer should ask himself 'can I afford not to participate in this movement or cooperate in this effort?'

47 JURY CASES FOR CIRCUIT COURT

Criminal Calendar for Fall Term Is Largest in Years.

A month's work will face the petit jury when it is called in the Rock county circuit court at 2 p. m. Monday for the October calendar, and it is expected that a large number of the criminal cases, including 11 liquor cases from the municipal court, will be tried by jury.

District Attorney Stanley G. Dunwiddie is faced with the biggest job he has had at a term in the past decade, due to the tendency to send cases away from the Rock county municipal court on a charge of venue. Up to the past six months comparatively few cases have been taken on a charge of venue from Judge Moss's court, but the parade has been steady with the heavy sentences handed out in the municipal court recently. All the criminal cases come from Judge Alexander's court.

Thirty-one civil cases are listed for trial and Judge Graham has 39 cases for trial without jury.

The civil cases for jury trial are as follows:

Bank of Southern Wisconsin vs. Ernest Armstrong; Bank of Southern Wisconsin vs. Robert J. Osborn; Albert Miller & Co. vs. Jacob Marty; Otto Dehling vs. Rock County Sugar company; Eather Ross vs. George Turner; City of Deloit vs. Rock County and International company; Fred Miller vs. J. C. Murray; Helen Miller, etc. vs. J. C. Murray; Marcela Miller vs. J. C. Murray; W. R. Hayes vs. J. C. Murray; Harry Morgan vs. Deloit Water Gas and Electric company; Warren G. Latta vs. Fidelity Phoenix Insurance company of New York; Highway Trailer company vs. Janesville Electric company.

The suit of James Westby against Alex Munroe, for alienation of affections, which was tried and ended in a disagreement, is still on the calendar. Edward Foley is suing P. X. Bates; S. A. Warner vs. the White Construction company; Blodgett-Holmes company vs. Western Union Telegraph company; Joe Munroe vs. Frank Erdman; P. M. Wille vs. Matt P. Lathers; Herbert H. Jackson vs. Paul G. Fox; Chester Gempeler vs. William Doucherty; George Barlow vs. Lett, Leach et al. Jesse Roe et al. vs. Fred Linneman et al.; George R. Shier and John A. Tuck, doing business as Wisconsin Implement company, vs. E. H. Klemmer; Albert T. Schuler vs. E. H. Klemmer; Catherine Judge Martin vs. Rock county; P. Hurlbut company vs. W. P. Langdon and Fidelity Deposit company; A. D. Hull vs. C. C. Schuler; Paul and Mrs. J. S. Schuler vs. George Frederick vs. Paul Cox; George A. Miller vs. Frank Stoldt; Peter Nelson vs. Albert P. Ottow.

Many without jury.

The calendar lists 29 cases for court trial without jury. They are as follows:

William Mielopolsky vs. William H. Doyle; Cas. Baum et al. vs. Herman; M. H. et al. vs. Ernestine Topp vs. Herman Topp; Alexander Lumber company vs. W. C. Keeley et al.; N. P. Backes et al. vs. Sisters of Mary et al.; Jim Chabro vs. Joseph W. Wolfe; Minnie Christopherson vs. Harry W. Christopherson; Employers Mutual Liability company vs. Ida Noblensky et al.; Frank J. Schultze vs. Elizabeth Schultz; Iver Henderson vs. Floyd Henderson; Ella M. Lamb vs. William M. McDermott; J. J. Cunningham vs. William M. McDermott et al.; Mc Cowan Water, Light and Power company vs. School District No. 4, town of Milton; William O'Connor vs. Grant U. Fisher; Cream City Sash and Door company vs. J. P. Cullen; Rock County Farmers' Telephone company; W. W. Webster vs. Western Dyeing association; Fidelity Lumber company vs. Harvey Eppan; J. et al. vs. W. A. Victor et al. vs. Arthur W. Spaulding et al.; Town of Milton vs. E. C. McGowan Light and Power company; T. J. Roberts vs. Orlando Cleveland et al.; A. H. Eisenstadt vs. C. W. A. Peterson; Emma Stella Mastinen vs. Anna Paulina Bowen et al.; Nela Nelson vs. P. W. Schoenfeldt; George A. Miller vs. Frank Stoldt; W. A. Klaus vs. Frank Depink; John Garbar vs. Frank Roman; Anna Housgo vs. Hanson L. Hoagies; Thomas Kennebec et al. vs. Frances Sheldeton; Harriet Schumacher vs. Frank C. Schumacher; Herman H. Bancroft vs. Hubert M. Bancroft; Nela Hanson vs. Fritz Frank and Peter Frank; Minnie Raton vs. Charles F. Francis; Deloit Water Power company vs. Edgar H. Branigan; Carlo-Franca company vs. Yellow Cab and Transfer company; Madison; Mabel Belle Woods vs. Alvin B. Woods; Edward Shuman vs. Freda Shuman.

Three women jurors.

Only three women are on the petit jury for the present term. They are Mrs. Clara Shover, Janesville; Mrs. Nellie Snyder, Deloit; and Mrs. Minnie Berg, Edgerton.

Eleven men are from Deloit and 11 from Janesville. Those from Janesville are Lars Fredrickson, Fred Koebell, P. A. Blackman, William C. Gagan, Harry Claxton, Herbert H. Perzilo, Edgar A. Kohler, George W. Keenings, James Hemmings, Deloiters are Joseph M. Lathers, A. S. Koth, John Wessag, C. G. Sheen, William Kindahl, R. W. Watson, Byron Watts, C. A. Emerson, Thomas Monahan, Charles Oliver and Paul Hanson.

Others on the jury are Walter S. Gollmer, Evansville; Elmer Holden and Thomas Tollefsrud, Springs Valley; David Holmes, Milton village; George Farmer, Turle; George Schumacher, Center; P. C. Owen, Footville; Charles Greenburg, Newark; C. S. Vogel, Milton; Howard Moran, Lima; George Schaffner, Plymouth.

EIGHT THEFTS OF SUITCASES CHARGED

Pauline To Doan of Leona, Wis., waived examination in police court today on a charge of grand larceny. It is alleged he stole eight grips and suitcases at the Union station here, picking them up and running away with them when the traveler set the bags on the floor for a moment. Doer said he took the grips and suitcases then because he could not find employment.

New Deloit Chief

Visitor in City

Chief of Police L. J. Williams, Deloit, called on Chief Charles Newman here Thursday afternoon and made his acquaintance with several other officers of the local department. He was pledged the co-operation of the Janesville police force and he likewise offered aid to the Deloit department in any way its help may be needed by this city.

The former regular ring lieutenant, head of the Deloit R. O. T. C. for the past three years, took office as chief of police in Deloit this week, succeeding the late Charles Quinan.

"We are going to try out a new scheme in marking our non-parking zones," said Chief Williams. "The curbs along hydrants for a distance of 15 feet and other places where cars are barred will be painted white. Arrows will be placed on the non-parking sign standard to show where the zone begins. As it is now motorists see the signs but some of them don't know which side to park on."

NOTED SHOW BULL OF ROCK CO. SOLD

Telluria's Fame, Owned by James Hadden and Son, Sold to Dakota Buyer.

Telluria's Fame, one of Rock county's greatest Milking Shorthorn show bulls, has been sold and shipped to J. P. Hunderme, Colton, S. D. The animal was owned by James Hadden and Son and had been bred by the Walter Little estate.

Negotiations have been underway for several weeks for the sale of this famous sire. It is hoped that Telluria's Fame would be exhibited with the Rock county Milking Shorthorn herd at the Chicago International. Telegraph orders were received this week by Hadden to ship the bull at once. The price is understood to be more than a thousand dollars.

As a yearling Telluria's Fame started a show ring career that has been equaled by few sires. Winning the local championship honors on the state as a yearling in 1921 the bull as a two year old was junior champion at both the state fair and Chicago International and this year annexed the grand championship honors at Milwaukee. He was considered almost a sure winner at the coming International, at least of his class as a two year old.

The new owner purchased several animals at the recent sales here and then through Roy Cook, secretary of the American Milking Shorthorn society, made offers to purchase the herd sire. Hunderme owns considerable land in South Dakota.

BONUS, CUT IN TAX, IDEA OF W. G. McADOO

[BY ASSOCIATED PRESS] New York.—William G. McAdoo, secretary of the treasury in President Wilson's cabinet, is convinced that the federal government can both reduce federal taxation and provide soldiers' compensation, equivalent to a bonus, he declared in a statement made public today.

RUM POISON PERIL TOLD

[BY ASSOCIATED PRESS] Washington.—A alarming picture of the dangers lurking in poisonous liquor now being sold throughout the country is painted by Dr. J. T. Doxey, head of the industrial alcohol and chemical division of the Bureau of Internal Revenue.

"Many cases in the hospitals," Dr. Doxey states, "may not seem to be due to wood alcohol poisoning. But in my opinion many of them are due to the small amount of denaturants left in bootleg liquor which has been imperfectly made from denatured alcohol."

COOLIDGE PRAISES GOOD SENSE SHOWN BY YANKEE FARMER

[BY ASSOCIATED PRESS] Louisville, Ky.—President Coolidge as one of the most cheering signs of the times, in connection with the administration's efforts to deal with the agricultural situation, the fact that farmers may be relied upon to use sound judgment in consideration of questions which affect agriculture.

"It seems to have become popular in some quarters to assume that the farmers could not think in terms of safe and sound economics," the chief executive said in a letter to Robert W. Dingman, chairman of the executive committee of the National Council of Co-operative Marketing associations of the United States, made public here last night.

"To the contrary," the letter continued, "my experience has been that the farmers could be relied upon to employ particularly good sense and sound judgment in their consideration of these questions."

If I Could Repair Radio Outfits—

I WOULD immediately inform the people of Janesville that I knew how to install and repair radio outfits.

Any number of families now have radio sets. Some of them work. A lot of them don't. But the owners trust to luck usually. They are more or less at sea when something goes wrong. With my Want Ad in the Janesville Gazette these people would have to trust to luck no longer. They'd simply give me a ring and I'd put things in shape again. Satisfaction all around.

COOKING NOW IN
GERMANY ON ONE
OF LATEST STOVES

Washington, D. C. — "An American housewife would be puzzled, indeed, if she were put in a German kitchen and asked to cook on one of the latest German stoves," says a bulletin from the Washington, D. C. headquarters of the National Geographic Society.

"Where is the stove?" would be her first question.

"She would be shown a big case that looks like a cross between a chiffonier and an ice chest."

"Where is the fuel?" would be the next question.

"A bin at the bottom of the chest would reveal to the American housewife 'grudekots,' the bulletin continues. 'This is lignite coal, the material made briquet coal is made from. It is a sort of coal charcoal, individual pieces of which are seldom larger than grains of corn.'

St. Mark's English Lutheran: English Lutheran church services Sunday at 10:30 a. m.; children's catechetical class, Saturday 2 p. m.; song rehearsal at T. R. Spooner's home, 6:30 p. m., Friday. The adult class for instruction will meet at the home of Mr. and Mrs. William Meyer on N. Main street, Friday at 7 p. m.

St. John the Baptist Catholic: Mass at 8 and 10 a. m.; Way of the Cross and benediction 3 p. m.

narrow drawers. The German housewife, used to a chest stove, will open the top drawer, sprinkle a sugar scoop of grudekots on a corrugated grate and light the fire. The ash falls into lower drawer. Now she is ready to cook.

"Suddenly a broad door above the drawers is dropped and it becomes a shelf in back of which is the cooking surface of the stove. Above the stove are two ovens and at one side is a water heater. And all this is contained in a solid oblong case insulated to conserve heat."

West and South are Sources
"If such German methods were imported into the United States it might mean that along with the other monarchs in these later days of democracy, King Coal, the anthracite of the Lehigh Valley, and the bituminous of the Middle West, would have to defend their mighty reign."

The immediate challenger would come out of the west and the south. The presence of a poor relation of the coal society, called lignite or brown coal, in South Dakota, North Dakota, and Montana, and in Texas, Mississippi, Arkansas and Alabama, has long been known. Not until recently, however, has the margin in America between the cost of mining and shipping anthracite and bituminous to meet the anthracite and bituminous standards, been sufficient to interest business in the development of the latter.

Highly Developed in Germany
"But now, as a result of experiments reported by the United States

Bureau of Mines at Grand Forks, South Dakota, many American citizens and business establishments of the future may receive their coal in little rectangular blocks or briquets.

A typical briquet weighs about a pound and is slightly smaller in size than a standard wood paving block. In countries such as Germany, where nature has not been so provident with the stone that burns, the briquet industry has already reached a high state of development.

In 1921 Germany manufactured 28,000,000 tons of briquet coal from brown coal. Lignite is practically the only coal left to Germany outside the Ruhr, and the recent occupation of that district caused a rapid development in briquet manufacture.

Germany's lignite is found near Cologne and in Saxony and Halle. "Lignite cannot be used to advantage in its natural state, but by cooking off volatile matter and moisture, it can be given a high fuel efficiency. To find a cheap method of doing this is the problem now being subject to experiments."

THE PIN IN THE CANDLE
There was an old French peasant law which held the wisdom of Solomon. This law was called "The Pin in the Candle," interpreted by the English as "The Right to be Heard."

In the old days if a man and his wife disagreed, the official to whom an appeal was made put two pins in a lighted tallow candle, equal spaces

apart. The husband was allowed to talk until the flame burned down to his pin; and then he had to listen, while his wife talked, until the flame reached her pin.

This law passed into oblivion long since, but its influence became a part of the family life of France. It is a tradition—particularly among the peasants—when a family dispute arises and one member protests a swelling or complaint for the rest of the family to say: "It is now mother's pin in the candle," or, "It is now father's pin in the candle."

So simple a legend as this has brought peace to a multitude of people. How many of us might apply it to our daily living and hear both

sides of the story!—From the December Delinquent.

To Give Furniture

It's not too early to think of Christmas gifts. Furniture makes such an all around pleasing and useful gift that it should be given time and thought in its selection. Remember that a gift of furniture is not cast aside in a year or two—it becomes a loved part of the home life of this generation and the next.

Furniture houses a myriad of delightful articles that make an appropriate Christmas. We have those Spinet desks that are so delightfully convenient, or perhaps a gate leg table would be the thing. Then there's tiny cedar chests for the kiddies and larger ones for their mamma's—but it is useless to try and enumerate them here, come in and we'll gladly show you the many beautiful articles we have on display.

FINISH ROUTE 20 WEST, IS HIGHWAY PROGRAM FOR 1924

(Continued from Page 1)
The last of the session was a report on the work of the highway commission for the year 1923. The report was given by the chairman, Mr. Simon Smith, and was a most interesting and comprehensive one. It covered the work of the commission from the time it was organized in 1921 to the present. It showed the progress made in the construction of the highway and the work of the commission in the various branches of its work. The report was well received by the board and the members of the public who were present.

The board members apparently had their minds made up on the future construction for there was little discussion when Supervisor Boynton introduced the following resolution: "Resolved, That the Rock county highway commission be, and is hereby directed, to build with the county money to be used on highway 20 at the end of the 1923 construction and continuing westerly and southerly along the line of said route east of Janesville to the county of Iowa." "And be it further resolved, that with the completion of highway 20 west of Janesville that the county proceed to build along the line of said route east of Janesville to the county of Iowa." The resolution was adopted by a vote of 10 to 2.

At the same time, the board members showed their interest in the report of the highway commission by asking that the report be printed and distributed to the members of the public. The board also decided to hold a public hearing on the report of the highway commission at the next meeting of the board.

Although several felt that the report of the highway commission was a most interesting and comprehensive one, the board members showed their interest in the report by asking that the report be printed and distributed to the members of the public. The board also decided to hold a public hearing on the report of the highway commission at the next meeting of the board.

OBITUARY

Charles Rosseter.
Orfordville—Charles Rosseter, 72, died at his home here Thursday afternoon after a long illness. For the past year Mr. Rosseter has been serving the village as night watchman and marshal. He usually went off duty about 4:30 a. m. He was on duty on Tuesday night, and went to his home at the usual hour. Nothing was seen of him during the night. Wednesday, a part of his duties was to turn on the street lights in the evening and when these failed to appear, inquiry was started. Several of the neighbors discovered a light in the bedroom but were unable to arouse any one. As a last resort they broke into the home and found Mr. Rosseter in a semi-conscious condition, but unable to talk. A physician was called and the trouble was pronounced apoplexy. He died the following morning.

The deceased has lived alone in a small house which he built about three years ago. He is survived by one daughter, Mrs. Nels Walwood, Orfordville, Wis., and two sisters, Mrs. P. G. Hungerford and Mrs. Charles Taylor, both of Orfordville. Funeral will be held Saturday afternoon, at the home of B. G. Hungerford, and from the Methodist church, conducted by the Rev. C. C. Sammler. Interment will be in Maple Grove.

James Peterstone, Milton.
Milton—Funeral services for James W. Peterstone were held in the Methodist church, Wednesday, at 2 p. m., with the Rev. S. A. Sheard officiating. The casket was borne by Mr. and Mrs. Stephen Sumner. Relatives from out of town who attended were a brother, John Peterstone, of Wichita, Kans.; a sister, Mrs. Edna Gilchrist, Decatur, Mich.; Mr. and Mrs. Rathbun, Independence, Mo.; Mr. and Mrs. Ray, McCarty, Mt. Morris, Ill.; Mr. and Mrs. Paul Peterstone, Jackson, Mich.; and Mr. and Mrs. George Addie, White, Iowa.

Edgar Fellows.
Evanston—Edgar Fellows, 61, died at his home near Janesville after a long illness. He was the son of Edmund and Jane Fellows, late of Evanston, and had always lived in and around Evanston. The body was taken to Janesville.

He is survived by one sister, Mrs. Kate Atkinson of Beloit. The funeral was held Friday at 2 p. m.

GOULD'S WIDOW DENIES WILL ROW PROMPTS HER TRIP

Mrs. George J. Gould, snapped on arrival in the U. S.
Mrs. George J. Gould, widow of the late millionaire and formerly Miss Sinclair, an English actress, denies that possible litigation over her late husband's will is the main reason for her recent arrival in the U. S. She married Gould two years ago.

A reduction of \$22,670.21 in the appropriation for state and county aid of highways will be made by the finance committee in preparing the budget for 1924. This represents the amount placed in last year's fund through an error and is still available for expenditure on that fund, Supervisor H. B. Mosely explained.

A list of bills presented by Chairman B. P. Eldred were ordered paid. The committee disallowed the bill of Paul Dix for \$22. W. W. Plumb, \$1,000, and Christ Christiansen \$350, all for damages.

Included in the bills paid was one of L. M. Field, Beloit, for \$210 for analysis and liquor in liquor cases.

The board adjourned until 1:30 p. m. (Additional County Board News on Page 15.)

Mrs. Anna McCauley, Rockford.
The body of Mrs. Anna McCauley, Rockford, sister of Mrs. George Campbell, Janesville, will be taken to Fairchild, Wis., for burial. Mrs. McCauley, 203 North Day avenue, was 65 years old and died at her home in Rockford after an illness with a complication of ailments. Mrs. McCauley was born in Janesville, March 1, 1858, and is survived by three daughters: Mrs. William Boise and Miss Nellie McCauley, Rockford; Mrs. George Johnson, Fairchild, Wis., and a son, Edward, Fairchild. Another sister, Mrs. Mary McCauley lives in Chicago.

ments by which Gov. John J. Halne is not to use the auditorium Friday, was the original plan shifted to the interior. It had been the scheme to meet on the campus.

Donfire on Campus
After the "inside stuff," a roaring bonfire will be held on the campus. For days, the boys of the senior class have been quietly gathering brush and trees for this occasion. The third attack on Beloit will be made at 1 p. m., Saturday. At that hour, the entire student body of the building on South Main street, the big school will assemble in front. As Director Ralph C. Jack drops his stick and the band of 230 pieces stridently up the new school song, a procession will wind its way through the downtown business section and end at the high school.

Saturday night, a homecoming dance will be held in the high school gymnasium at 8 p. m., at which it is hoped there will be possible to celebrate victory. Oscar Hoel's orchestra will play.

Convocation at the school Friday morning was devoted to the first step in the homecoming celebration. The new songs were sung, Principal Brown and members of the team spoke, and the new yell was introduced.

It was announced by Coach Gibson Friday morning that the same team that faced Monroe last week will start. Dolton and Howard were picked as right tackle and right guard respectively, though they were forced to show their power during the week.

Light offensive practice was given on the Blue squad Thursday night, until darkness made it impossible to continue further. There was to be no scrimmage Friday, but practice was to be devoted largely to receiving kicks and to the kick-off.

Beloit's team is in good shape. Both Koch and Ennis, slightly injured in the Racine game a week ago, are expected to be able to start. While Dyer of Whitewater has been picked to referee, the umpire and linesman are yet to be chosen. Plans having been changed, seven policemen will be on duty at the grounds. The field will be wired off.

While the game is going on, a tip Friday will be the effect of a school from Madison East, which Janesville plays the next Saturday, will be at the contest.

BANDITS IN DAILY OFFENSIVE, LOOT STORES AND BANKS

here, following his capture by three possemen three hours after he robbed the Shafter State bank at Shafter, Minn., yesterday. He escaped from the bank with between \$4,500 and \$5,000 in cash and currency.

When captured, Chase gave the name of Ted Williamson, saying he lived in Minneapolis, but later admitted his identity. Clarence Lindstrom, son of Charles Lindstrom, president of the robbed bank, was one of the three men who caught Chase, approximately 15 miles from the scene of the robbery.

The loot was recovered.

CHILSON'S COLTS WIN FROM BELOIT
Chilson's Colts defeated the Beloit Red Specials at Beloit 2-0 (790-743-877) to 2332 (824-743-815).

Balm of Gilead is a yellowish, aromatic gum, collected from certain Arabian and Abyssinian trees. It has always been valued in the east for its exceptional fragrance and supposed medicinal qualities.

Half of Nation's Freight Cars Are Moved in One Day
The railroads on October 17 moved more freight cars—that is both loaded and empty cars—than ever before on any one day in history, according to reports just filed by the carriers with the Car Service Division of the American Railway Association.

Fifty-two Class I railroads, representing about 90 percent of the mileage for that class of carriers, on that day moved 1,023,428 cars.

In 1920, when, except for this year, more traffic was carried by the railroads than ever before, even including the war years, the peak movement of both loaded and empty cars was 817,098, which was reached on October 25, that year. But even that record, which stood until this year, has been exceeded four times since August 29, 1922.

BIG GAME GROWS MORE PLENTIFUL

Forest Reserve Protection Adds to Elk and Deer in Mountains.

Nearly 411,000 head of deer make their home on the national forests according to a recent estimate of big game animals recently completed by forestry officials of the United States Department of Agriculture. The largest herds of deer are found on the national forests in California, which shelter approximately 155,000 head.

Oregon is next in California, with a total of 57,000, its largest herds being on the Siskiyou National Forest. Montana ranks third, with a total of 41,000 head, the largest single herd of which grazes on the Jefferson National Forest. Idaho is fourth, with a total of nearly 35,000.

Arizona ranks sixth, with about 21,000 head of deer, of which graze on the Kaibab National Forest. This forest contains the Grand Canyon National Game Preserve, where hunting is not allowed. The herd on the Kaibab Forest has often been erroneously described as the "largest herd of deer in the world." As a matter of fact, the Kaibab herd is greatly exceeded by the herds on the Trinity and California National Forests in California.

The number of elk grazing on the national forests is placed at 40,000, according to the big game estimate. The Teton National Forest in Wyoming, bordering the Yellowstone National Park on the south, contains a large number of elk, more than any other national forest, although several other, notably the Olympic Forest in Washington, have herds ranging from 3,000 to 10,000 head.

On all national forests hunting is allowed in the open season except on areas established as federal or state game refuges.

Elk Herds Increase.

During the last three years the winter losses of elk in the national forests surrounding the Yellowstone Park have been negligible. The herds in the park have been high, and two or three years more of mild winters and good summers may bring another bumper crop with a decrease in the winter loss such as was experienced in 1919-20.

Forest service officials point out that a permanent increase in the elk of the northwest, which is a matter of available winter range, which is extremely limited, the greater portion of the old winter ranges having been taken up by settlers for home-steads.

The recent big game census also shows increases during the past few years in several plants of game made on various national forests. The point, made about 10 years ago on the Sitka Forest in Alaska, consisting of about 45 head, now numbers about 100 head.

In addition to the fact that the state game warden may permit hunting of elk in the near future in order to check too rapid growth.

Antelope Herds Scarce.

The antelope, or pronghorn, are still in a very unsatisfactory situation, forestry officials say. The census shows a few antelope in certain national forests, but nowhere are they increasing. In northwestern Nevada and southeastern Oregon there is a large antelope herd, grazing on public lands outside of forest areas. An effort is now being made to secure the protection of the antelope which will cover the range of this herd so that it may be protected and saved from extermination.

The number of moose on the national forests has been increasing in recent years. The largest number is found on the Teton National Forest in northern Wyoming, where moose are now becoming rather plentiful.

In addition to deer, elk, and antelope, the estimate lists 119 bison on national forests, 67 caribou, 10,000 mountain goats, and 12,000 mountain sheep.

The bison are mainly on the Wichita National Forest and Game Preserve in Oklahoma. Forty bison, representing the increase of the herd beyond the carrying capacity of its range, have been given to city parks and zoological gardens during the last four years. One bison was presented to the republic of Mexico and one to Montevideo, capital of Uruguay.

The estimate as a whole indicates that except for the antelope there has been a slight increase in the number of most big game animals on the national forests. This census was conservative, and an understatement is recorded as more likely than an overstatement.

Game Licenses Curtailed.

The Department of Agriculture calls attention to the fact that wherever it has been necessary to protect big game animals, especially deer and elk, from competition with cattle and sheep for food, the game service has curtailed the game permits for domestic livestock. Heavy reductions have been made on the Kaibab National Forest in Arizona in order to make more food available for the rapidly increasing deer herd. About 90 per cent of the game and all sheep have been withdrawn from the Kaibab National Forest in Arizona in order to make more food available for the rapidly increasing deer herd.

As a rule, except on the Kaibab National Forest in Arizona, the big game animals have at this time sufficient amount of summer forage for their needs, but there is a general shortage of winter range.

The Kaibab even the summer range is already overstocked with deer and this deer herd makes losses almost certain should a combination of a dry summer and severe winter occur and an unusual condition in northern Arizona.

MEDIUM STILL MAY SHOW GHOSTS BUT SHE MUST ARRANGE THE PARADE

Mrs. Clarence H. Tomson.

Mrs. Clarence H. Tomson, Chicago spiritualist medium, still may have the opportunity to try to convince the Scientific American representatives that she can make honest to goodness spirits materialize. But she will have to make the first move to obtain another trial. J. Malcolm Bird, assistant editor of the publication, has announced. She was given a chance to compete for the \$2,500 prize in New York a few nights ago but refused to "go on" at the last minute on the plea that the law library, in which the tests were to be made, did not have the psychic atmosphere. Whereupon the ghosts—and Mrs. Tomson were given the air.

The people themselves select their president. Those states with presidential preference primaries not only recognize this theory, but put it in practical use.

"They preserve the spirit as well as the letter of American institutions. It is an American's birthright to submit himself and his political tenets to the decision of his fellow citizens. He is entitled to their decision, and they are entitled to make it. I recognize no prescriptive right to office, and I deny that any one or any number of men may disregard the popular will and, in defiance of it, dictate our candidates. Regularly should this be so at the present time."

Does Not Fit Needs.

"The discontent and party difficulties arise not because of popular government, but from the lack of it. Two warring philosophies of government in the nation, just as in the state from which I come, struggle for mastery. Designate them as you will, the contest between them is not over. It is the old, old struggle, beginning in the early days of man's first achievement and never ending since. Reaction and progress must fight it out again in the republican party in the coming presidential primary. I question not men and their philosophy of government. That which obtains at Washington does not fit present day needs."

TWO YEAR SENTENCE FOR RAISING CHECK

Ashland.—James Berge of Glendon has been sentenced to two years at the reformatory in Green Bay on a charge of raising a check on the Kheeland-McClurg Lumber company. He pleaded guilty to the charge before Judge J. N. Risjord in circuit court.

Beggs, who is 26 and an ex-service man, is alleged to have changed a check from \$5.45 to \$54.20 and cashed it with a Glendon man.

EQUALIZATION IS APPROVED AS MADE

Board Passes on Property Assessment Valuation by Committee.

Without a word of dispute or argument, the report of the equalization committee, setting the assessment for Rock county for taxation purposes at \$120,000,000—the same as last year—was adopted by the county board late Thursday afternoon.

The new assessment schedule means a drop of approximately \$5,000,000 for the agricultural districts of the county, a similar amount of increase for the larger cities.

The report of the highway committee on the amounts to be raised by taxation, and the new county road program, was adopted after being read by H. B. Mosely, chairman, Beloit. Amounts were appropriated to receive the state aid allotment.

The bridge appropriations recommended by the county highway committee and passed by the board were in the following: Townships: Brandon, \$655; La Prairie, \$81; Turtle, \$297.58; Beloit, \$22; and Clinton, \$505. Several petitions were received for the extension of new county roads and the first one to be allowed was in Beloit and Keweenaw townships.

An appropriation of \$5,000 was passed for the use of the building committee, this being a reduction of \$5,000 of the amount granted last year.

An effort to have a private branch exchange telephone system installed in the court house did not meet with favor of the supervisors.

Your committee on equalization heretofore has reported that we have had under consideration the county assessment for the year 1923, and we have submitted our report and recommendation that Rock County be equalized on a basis of \$120,000,000. We find that the computation of the assessor of incomes, determining that the total valuation of all property in Rock county is the sum of \$127,723,107 is correct and we recommend that the respective districts of Rock county be equalized on a basis of \$120,000,000. We therefore recommend that the sum of \$120,000,000 be appropriated to the several cities, villages and towns as follows:

Avon	1,120,000
Beloit	2,402,000
Braunford	1,188,000
Clinton	2,461,000
Glendon	2,055,000
Harmony	2,101,000
Janesville	2,273,000
Johnstown	5,030,000
La Prairie	5,725,000
Luna	2,282,000
Muskegon	1,185,000
Newton	2,018,000
Porter	2,169,000
Rock	2,412,000
Spring Valley	2,021,000
Turtle	1,019,000
Union	3,011,000
Windsor	2,903,000
Total	\$120,000,000

ASSETS OF MCCRAY LESS THAN \$9,000

Indianapolis.—Gov. Warren T. McCray's assets aggregated less than \$9,000, except for two or three items classified as "indiscrete." It was stated in a letter sent his creditors by a committee appointed to administer his affairs for the creditors.

Audience Enjoys Magic Program

A large audience attending the opening performance of a four days' engagement at the Myers theater, Thursday night, marveled at the feats performed by Ralph Richards, the greatest American magician.

Mr. Richards, with his company, is here for the rest of the week and will give matinees Saturday and Sunday.

Parts of the performance are like those of magicians seen in Janesville in the past, and in addition several magic feats which have never before been given here. Especially interesting was the levitation in which Mr. Richards apparently hypnotized a woman and makes her arise in the air, then to descend. The crowd thronged the assistance of a hoop around her body to demonstrate that she does not hang suspended from invisible cords. Great enjoyment for his fans of magic is gained from the assistance of boys from the audience. A company assistant Mr. Richards in performing the magic tricks.

Richards, in the closing part of the performance, demonstrates his ability as a mind reader, securing through thought transfer the names of persons in the audience which he calls out, answering their questions which they think only. One startling part of his performance was to answer verbally written questions taken from a glass bowl and held by an attendant. He also demonstrated his ability in thinking of their questions.

The two hours' performance is a fine entertainment, pleasing costumes and scenery add to the show.

WILL ASK ROCK TO PAVE HIGHWAY 26

Jefferson County Board to Send Committee Here on Concrete Project.

(SPECIAL TO THE GAZETTE)

Jefferson.—The Jefferson county supervisors have voted to send a committee to confer with the Rock county board relative to paving highway 26. If Rock county will pave in its territory, Jefferson county will concrete the three and a half mile stretch south of Fort Atkinson to the county line. It was decided. This would make a paved road from Chicago to Beaver Dam.

A contented smile in every mile with a CHEVROLET.

SENATOR JOHNSON ENTERS 1924 RACE FOR PRESIDENCY

(Continued from Page 1)

port him for the democratic presidential nomination.

Senator Johnson launched his campaign with a formal statement, issued after a conference here with party political leaders who favor his candidacy, in which he assailed present policies in domestic and national affairs and enunciated the principles on which his race will be made.

He expressed unqualified confidence in the League of Nations, all its subsidiaries, "including the World Court, and set himself up as the "progressive" candidate in contrast to the "ultra conservative" and "ultra-radical."

Keynote Is Sounded

Sounding his keynote in the statement that "the coming contest will determine whether the nation shall be the permanent instrument of reaction or whether it shall respond to present day conditions," Senator Johnson made this declaration:

"Theoretically, under our system,
